NOTICE

The following notice of intent to construct, submitted in accordance with Section 3.1, Utah Air Conservation Regulations, has been received for consideration by the Executive Secretary, Utah Air Conservation Committee: U.S. Steel to increase the oxygen flow rate allowed for open hearth furnaces to decrease heat times. There will be no increase in air emissions - Utah County.

The engineering evaluation and air quality impact have been completed and no adverse air quality impact is expected. It is the intent of the Executive Secretary to approve the project.

The proposal and estimates of the effect on local air quality are available for public inspection and comment at the Bureau of Air Quality, Utah State Department of Health, Room 426, 150 West North Temple, Salt Lake City, Utah. Written comments received by the Bureau, P.O. Box 2500, Salt Lake City, Utah 84110, on or before January 21, 1984, will be considered in making the final decision on the approval or disapproval of the proposed construction.

If anyone so requests within 15 days of publication of notice, a hearing will be held in the area of the proposal.
